## FAQ

- Each volunteer **must sign** a pay waiver in order to have their pay donated to the designated organization.
- Your team members must be able to read and write English.
- Per the Department of Justice Section 203 designation for Seminole County (new as of December 2016), at least one election worker must be able to speak Spanish.
- For all positions EXCEPT the deputy position, your team members MUST be registered voters (or pre-registered) in Seminole County.
- All election workers must arrive at the polling location no later than 6:00 a.m. on Election Day and are required to remain at the polling site until all election duties are completed, which will be approximately 8:00 p.m. (election workers must work the entire day, they cannot work in shifts).
- Every election worker is required by law to attend a position-specific School of Instruction election worker training prior to working each election.
- Your team must be composed of members representing more than one political party.
- There is no personal cell phone usage allowed while working as an election worker (this includes no texting, checking the internet, etc.). Personal cell phone use is allowed while on an approved break as long as it does not disturb the voters or polling room activities.
- You MAY have team members who are not employed by your company—you decide who you would like to represent your organization as election workers.
- Because we must be fully staffed at every precinct on Election Day, we recruit alternate election workers in case an assigned worker is unable to work at the last minute. Alternates must attend training and remain available to work through Election Day, as they may receive a phone call on the morning of the election to serve as a substitute. Alternates are not required, however, you may want to use the alternate list as a "waiting list" if you have an overwhelming response from people wanting to participate.
- All team members may wear a shirt with your organization's name and logo. However, election workers are NOT allowed to wear clothing, buttons, or any other paraphernalia that is political in nature. Additionally, workers are not allowed to discuss candidates, positions or opinions on ballot issues or have any other political discussion at the polling place.
- Signage with your organization's name and logo will be provided in your precinct supplies for you to place at a location where voters will pass so they know your group is providing the volunteer staff for the precinct on Election Day.

**I have read and will abide by the aforementioned FAQs.**
