A Message From Your Supervisor of Elections:

As we move closer to the 2026 Election Cycle, I want to take a moment to recognize two groups that are absolutely essential to the success of elections in Seminole County: our Election Workers and our Partners in Democracy.

Running an election is truly a community effort. While our office has a dedicated team working year-round to prepare for elections, we simply could not conduct elections without the hundreds of community members who step forward to serve as Election Workers. These individuals give their time, energy, and talents to ensure every voter has a positive experience and every election is conducted professionally, accurately, and securely.

We are actively recruiting Election Workers for the upcoming elections and encourage anyone interested in serving their community to learn more about this rewarding opportunity. No experience is necessary, we provide the training and support needed for success.

I also want to recognize the organizations participating in our Partners in Democracy Adopt-a-Precinct Program. Through this program, civic groups, nonprofits, schools, and community organizations help staff polling locations on Election Day while raising funds for their organizations. It is a true win-win partnership that allows groups to support their community while helping us meet the staffing needs necessary to conduct successful elections.

Whether serving at the polls, helping register voters, sharing election information, or encouraging civic participation, these community partners play a critical role in helping us fulfill our mission.

To every Election Worker and Partner in Democracy participant, thank you. Your commitment to public service helps ensure that Seminole County voters continue to receive the highest level of service. Together, we make elections possible.

For updates, resources, and to stay informed, visit **VoteSeminole.gov**.

New Election Workers

Returning Election Workers

As we prepare for the 2026 Election Cycle, the Seminole County Supervisor of Elections Office is calling on our community to step up and **become a Partner in Democracy.**

Our **Partners in Democracy** program gives local organizations a unique opportunity to support the election process while gaining firsthand insight into how secure, transparent, and professional elections are conducted in Seminole County.

Participating organizations provide teams of **5–10 election workers** for an assigned precinct and may choose to donate their earned compensation to a nonprofit organization of their choice.
