A Message From Your Supervisor of Elections:

As our nation celebrates its 250th anniversary, we have a unique opportunity to reflect on the freedoms, responsibilities, and values that have shaped America for generations.

As your Seminole County Supervisor of Elections, I believe one of the most meaningful ways we can honor this milestone is by participating in our elections. For 250 years, the principles of self-government and civic responsibility have guided our nation, and those principles remain strong when citizens stay engaged.

Voting gives each of us the opportunity to help shape the future of our communities, our state, and our country. Regardless of our individual beliefs or viewpoints, elections provide a peaceful and orderly process where every eligible voter has the opportunity to make their voice heard.

Being election ready starts long before Election Day. It means making sure your voter registration information is current, updating your address or name if needed, confirming your party affiliation before a partisan primary, learning about the candidates and issues on your ballot, and deciding how you will cast your vote. Taking a few minutes now can make all the difference when it is time to vote.

For the upcoming **August 18, 2026, Primary Election**, remember these important deadlines: the voter registration deadline is July 20, 2026, and voters who wish to vote by mail must submit their request by August 6, 2026.

From 1776 to 2026, our message is simple: Be Election Ready.

As we celebrate 250 years of American history, let's also look ahead by taking part in our democracy. Prepare today, participate in our elections, and help shape the future of our community.
